Chairman Matushak and Secretary Tautges reported on information gathered from other townships who have and/or will be contracting for curb-side pick-up.

Todd Anderson, Town of Merrill Assessor informed the Board that there are 8 classes of Parcel Classes. He explained that if a parcel is residential, it doesn't always mean that there are people living at the location. Parcels with only a garage are classified as residential.

Chairman Matushak and Secretary Tautges will speak with the Town of Bradley and other townships who have curb-side recycling/pick-up to find out how they are billing there tax payers for the service; splitting the bill by the number of tax parcels, splitting the bill by residential parcels, splitting the bill by residential & business partners or other.

Supervisor Simon will contact Jim Whittinghill to request copies of existing contracts Eagle Waste has with townships so that we can have an idea of what terms are included in those contracts.
